THERMAL TEMPERATURE SCREENING SOLUTIONS

Highly Accurate Thermal and Optical Cameras include Smart Features such as an Audible "No Mask Warning".
Temperature range: 86°F to 113°F,
Temperature accuracy: ±0.9°F.

Industrial Manufacturing

Hikvision offers **fast** and **scalable** solutions for temperature screening and tracking employees, visitors, and customers health by proactively screening for an elevated temperature as they enter facilities.

Temperature Screening Technology allows you to:

- Monitor workforce health and provide early detection of symptoms
- Monitor social distancing and protective equipment.
- Provide Temperature Checks.
- Manage the system including remotely through an app interface or control client.
- Prevent crowding and control capacity with queue detection and people counting.
